<b>Date of dissemination</b>	September 27 <sup>th</sup> 2005 May 16 <sup>th</sup> 2006 March 13 <sup>th</sup> 2007
<b>Place of dissemination</b>	Red Eléctrica de España, Madrid.
<b>Brief abstract / description of dissemination activity</b>	Presentation of project objectives to the transmission system operator, as well as receiving information for D3.3. In further interviews intermediate results and final results were also presented.
<b>Audience impact assessment</b>	They appeared to be receptive to project's proposals and wanted to learn more once the project further developed. They find interesting the idea of the project, as it will help them in managing the system, although there is no flexible CHP in Spain at the moment.
<b>Dissemination</b>	Not available in printed form

<b>Date of dissemination</b>	September 15 <sup>th</sup> 2005 October 3 <sup>rd</sup> 2005
<b>Place of dissemination</b>	Gamesa, Madrid.
<b>Brief abstract / description of dissemination activity</b>	Presentation of project objectives to staff from different activities (wind farm operation and electricity marketing), as well as receiving information for D3.3.
<b>Audience impact assessment</b>	They appeared to be receptive to project's proposals and wanted to learn more once the project further developed. A change in regulation did not allow them to aggregate wind farms and CHP, unless they owned CHP plants, and they were not interested in building such plants at that moment.

<b>Title of dissemination</b>	Presentation of DESIRE project.
<b>Type of activity</b>	Meeting with stakeholder.
<b>Title of forum</b>	Meeting of the Spanish Wind Power Technological Platform, REOLTEC
<b>Language</b>	Spanish
<b>Date of dissemination</b>	November 30 <sup>th</sup> 2005 February 14 <sup>th</sup> 2006
<b>Place of dissemination</b>	Asociación Empresarial Eólica, Madrid.
<b>Brief abstract / description of dissemination activity</b>	Presentation of project objectives and first results to some participants in the technological platform: Spanish association of wind power producers (Asociación Empresarial Eólica) and a wind farm owner (Desarrollos Eólicos)
<b>Audience impact assessment</b>	They do not show great interest in the project. They argued that they can balance their output with their whole generation portfolio, and that CHP is not flexible in Spain at the moment. They seemed to be only interested in the present, and not care about the future.
<b>Dissemination</b>	Not available in printed form
